

NeutralPosture

Icon™

# Icon™

In our modern world, working 'better' means being smarter, adaptable and more productive. Icon, from Neutral Posture, is the clean, elegant solution for task seating in today's high functioning office environment. The three adjustment levers control height, synchro-tilt and seat sliding

position. The finished seat bottom shell conceals the mechanism allowing a clean, sleek aesthetic. Icon is available in armless, 1D or 3D arm styles. The arm adjustment is located on the inside of the arm, maintaining the clean, design aesthetic. 3D arms adjust in three directions – height, depth and width.

## FEATURES

- Replaceable/removable upholstered seat cushion – no tools required
- Adjustable and removable lumbar support (no levers)
- Weight sensing mechanism without tension knob
- Finished seat bottom shell in plastic conceals mechanism
- Concealed arm adjustment
- 3 adjustment levers – height, synchro-tilt and seat slider
